

COSMETIC PIGMENT HIGHLIGHTS 2021

2021 – A Year of Special Moments

Experience our Cosmetic Pigment Highlights 2021. After the challenging times we all experienced in the turbulent year of 2020, we would like to send a strong signal with our pigment selection for 2021 which focuses on holistic well-being and self-care. We have put together eight expressive effect pigments for you to test.

Our brand new BoroStar pigments are based on highly transparent borosilicate. Synthetic mica is the substrate for our unique Aurora pigments and CosPearl is based on natural mica. In these uncertain times, we need colors that exude positivity and convey strength and energy.
